

THE  
PUMPKIN DOLL  
3D PRINTING PROJECT

OLIWIA SOWIŃSKA  
FATIH BODUR

# Concept

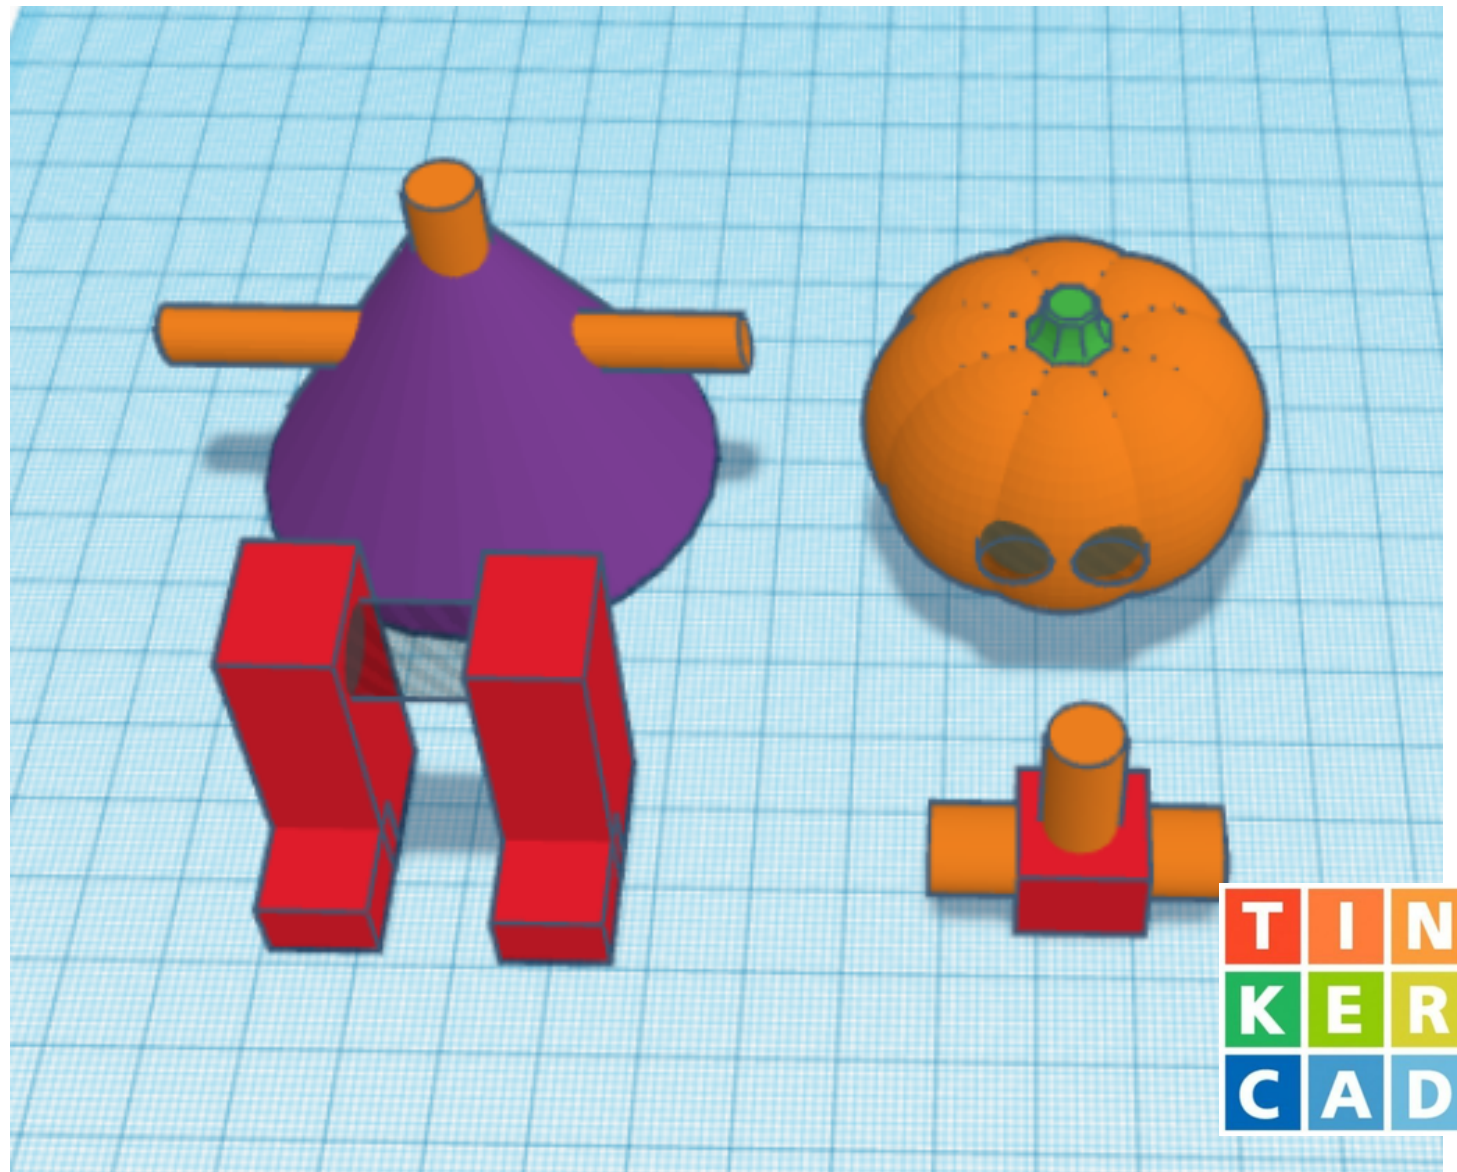

Lego figure

Pumpkin Witch

# Technical Description

- Different measurements than Lego figure
- Model made in Tinkercad
- Hole in pumpkin and Body has 8mm diameter
- corresponding part has smaller measurements (7,67mm)
- feet measurements: 11mm x 28mm
- pumpkin 44,5mm diameter

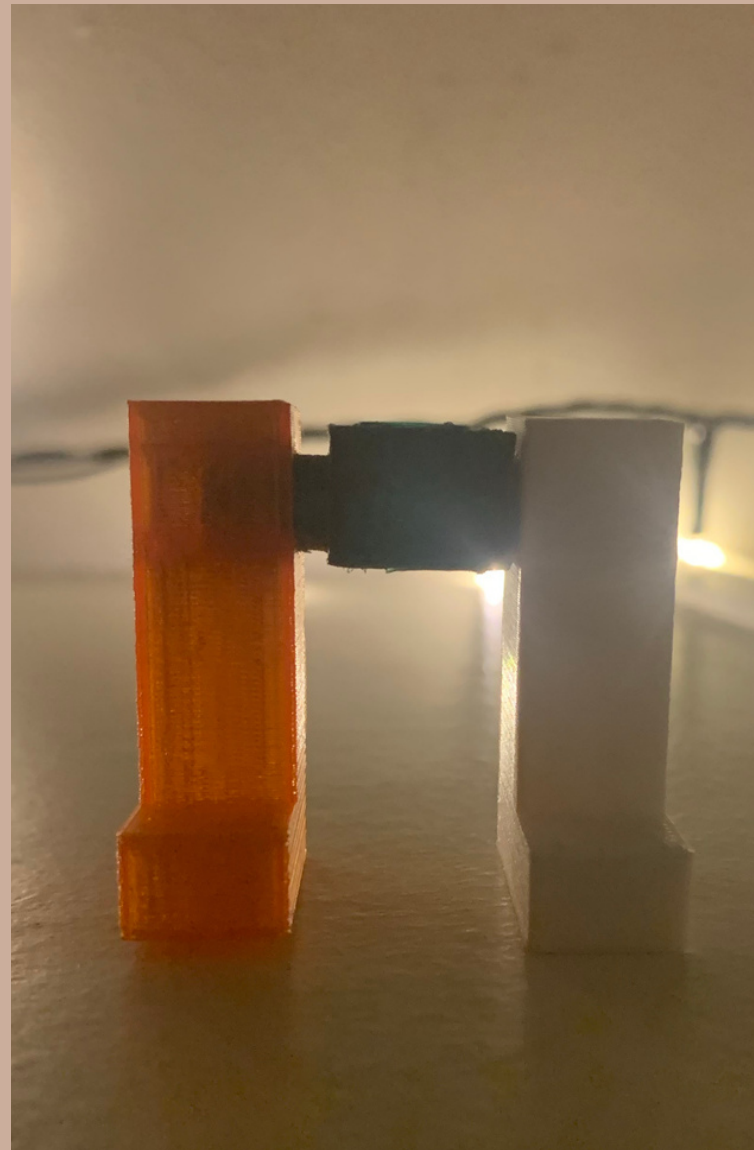

# Difficulties

- Destroyed part of print while correcting it home
- Real sizes of parts and gaps for them (no space for errors from printing)
- In the second attempt supports were not printed

# From first to final model
